from our Superintendent

Dear Friends:

This volume represents our first efforts to protray the achievements of the Wilmer-Hutchins High School in a yearbook. Quite properly this annual is dedicated to the Wilmer-Hutchins students in the armed services of our country; and as they and their friends enjoy these pages, we want them to know that the school they love so well is "carrying on" in its traditional way of building for the future.

Congratulations are due the Eagle Staff and its sponsor for this fine review of school life in Wilmer-Hutchins High.

Seniors of 1944, we extend our best wishes in the undertakings that lie ahead of you. We have confidence in your willingness and ability to meet your responsibility--whether in the armed forces, in business or industry, or in further educational preparation. May you have happiness and success.

Sincerely,

E. L. Reynolds

It's the real thing

Every time you lift a frosty bottle of Coca-Cola to your lips, you learn again how delicious and how refreshing ice-cold Coca-Cola really is. Every time you enjoy a Coke, you see why the only thing like Coca-Cola is Coca-Cola itself.

A Huge "School Yard" for Wilmer-Hutchins

— Thanks to Efficient Bus Transportation

WILMER-HUTCHINS Independent School District, through the operation of 7 busses, serves an area of 65 square miles. Approximately 575 students from this outlying area get to a modern city school each morning on time and are taken home each day — a far advancement from the times when the non-city youngster had to walk or ride horseback to get his "larnin", such as it was!

The amazing total of 73,500 miles each year is covered by these school busses serving Wilmer-Hutchins — a tremendous responsibility on rolling equipment! Hawkins is proud that it has contributed its part to this good serviceing, in new tires, tire repairs (including re-capping).
